Dear

You hear about it happening somewhere every year. A Flood! Flood IS NOT covered under your homeowners policy and a review of your account indicates you do not carry flood coverage.

It is our responsibility to inform you of possible exposure to loss. Flood coverage is not available in a homeowners policy, however it is available through the National Flood Insurance Plan or NFIP.

If you are concerned you may be in a flood plain or have an exposure to flood please let us know. We will be able to determine if you are in a flood plain and what the premium for flood coverage would be.

Thank you for your continued business.

Sincerely,
